IMPORTANT: RETAIN FOR FUTURE REFERENCE,
READ CAREFULLY

Hello,

PLEASE READ THIS LEAFLET BEFORE ASSEMBLY

Dear Customer,

Thankyou for buying Tutti Bambini furniture.
Follow the instructions carefully and check that you have all the elements including the fittings before attempting assembly. If there are any missing or damaged parts, please inform us before you start the assembly. Please note that incorrect assembly of your furniture will not be a basis for a claim against the product being damaged.

In the unlikely event that your furniture is found to be faulty, we ask that you send an email to:
customerservice@tuttibambini.co.uk with the following information that can be found on the white label on the outside parcel.

- Name
- Postcode
- Contact telephone number
- Sales order number (found on white label)
 - Product name & colour
 - Damaged part number
- A photo or video of the damaged part

Tutti Bambini guarantee your product against faulty manufacture for a period of 12 months from date of receipt of purchase. This does not affect your statutory rights.

Team Tutti

Parts List

Hardware list

ID#		Qty
A	Screw M6x89mm	10 pc
ID#		Qty
B		2 pc

ID#		Qty
E	Allen Key	12 pc
ID#		Qty
F	M6x40mm	10 pc

Assembling into A Cot

The help of an assistant will aid assembly. Do not tighten screws until assembly is complete.

NOTICE: All assembly fittings should always be tightened properly and care should be taken that no bolts are loose, because a child could trap parts of the body or clothing (eg strings, necklaces, ribbons, for babies dummies), which could pose a risk of strangulation. Red warning sticker has to be removed from bed ends (to show mattress can't go above this height). Unpack, Do not discard any packing until you are sure you have identified all the components. Make sure you have: 1) Fixed End; 2) A & B Detachable End; 3) Fixed Side Rail; 4) Mattress Base; 5) Triangle Support; 6) Triangle Support; A) 12x89mm Bolts; B) 12xBarrel Nut; D) Allen Key; E) Triangle Support bolts (Required when converting to a bed);

Place Mattress Base 4 on one of the three base positions using 2 x A bolts and 2 x B Barrel Nuts on Each end and align the bolts to the nuts. Remember bottom mattress base position is the safest. You should always use the cot in this lowest position as soon as your baby is old enough to sit up.

Take fixed side rail 3 and connect to the 2 Ends using 2 x A Bolts on each End and 2 x B Barrel Nuts which are inserted underneath side rail bar and aligned to the holes of the side rail-The line on one end of the nut indicates the position of the threaded hole. It is advisable to push the nut into its appropriate hole and check for correct alignment before attempting to insert any Bolts.

Take fixed side rail 3 and connect to the 2 Ends using 2 x A bolts on each End 2 x B Barred Nuts which are inserted underneath side rail bar and aligned to the holes of the side rail-The line on one end of the nut indicates the position of the threaded hole. It is advisable to push the nut into its appropriate hole and check for correct alignment before attempting to insert any Bolts.

YOUR COT BED IS NOW READY FOR USE

Assembling into A Bed

Detach ends A & B of cot ends no 2.

Connect Mattress Base 4 with Fixed End 1 and Detached End 2-A using 2 x A bolts and 2 x B Barrel Nuts on Each end and align the bolts to the nuts.

Assemble Triangle Support no 5 x 2 and Triangle Support no 6 x 2 to the cot ends and the side support of Mattress Base 4 using 8 x E bolts.

YOUR BED IS NOW READY USE.

Please note the maximum recommended age for use as a bed is 4 years. The bed is designed to be dismantled for storage or transportation.

Safety advice and maintenance

IMPORTANT! KEEP FOR FUTURE REFERENCE: READ CAREFULLY

1. WARNING: Never leave your child unattended. The safety of your child is your responsibility
2. The bottom mattress base position is the safest. You should always use the cot in this lowest position as soon as your baby is old enough to sit up.
3. WARNING: Do not leave anything in the cot or place the cot close to another product, which could provide a foothold or present a danger of suffocation or strangulation, e.g. strings, blind/curtain cords etc.
4. When choosing mattress, ensure that the height between the surface of the mattress and the top edge of the cot side is at least 50cm for the lowest position and 20cm in the upper position.
5. There should never be a gap of more than 3cm between the mattress and the sides or ends of the cot.
6. Regularly check that nuts and bolts are secure or evidence of damage, which could make the bed unsafe. Loose fittings can result in snagging clothes or cords posing a risk of strangulation.
7. The maximum height (i.e. upper surface) of any mattress fitted must not exceed safety mark engraved on the inside of the cot end.
8. We recommend the use of Tutti Bambini mattress for this cot bed or a minimum mattress measuring 70cms x 140cm.
9. WARNING: Do not use more than one mattress in the cot. Do not use a mattress with a depth greater than 100mm.
10. Clean with a damp cloth, do not use abrasives or bleach.
11. If you leave the child unattended in the cot, always make sure that the dropside is in the highest position.
12. WARNING: Do not use the cot if any part is broken, torn or missing and use only spare parts approved by Tutti Bambini.
13. To prevent child injury from falls, the cot should not be used when a child can climb out from the cot
14. Excessive chewing may damage the wood and cause splintering. If any part is damaged, stop using the cot until the correct part has been replaced.
15. WARNING: Be aware of the risk of open fire and other sources of strong heat, such as electric bar fires, gas fires etc in the near vicinity of the cot.
16. All assembly fittings should always be tightened properly and fittings should be checked regularly and re-tightened as necessary.
17. The cot bed is intended for use for children from birth to approximately 4 years of age. The child's bed is suitable for children who have outgrown the cot (approximately 18 months) up to the age of 4 years. the cot can also be used as a sofa.
18. WARNING: Do not place this child's bed near heat sources, windows and other furniture.
19. Children are likely to play, bounce, jump and climb on beds, therefore the child's bed should not be placed too close to other furniture or windows, blind cords, curtain pulls or other strings or cords, and should be placed either tight to any wall or have a gap of 300mm between the wall and the side of the bed. Product development dictates that components may occasionally differ from the ones shown in the diagrams of these instruction. The right to change the specifications and design of the furniture without prior notice remains with the manufacturer.
20. Please note, the bed is designed to be dismantled for storage and transportation.

Guarantee

All our products are produced from the finest quality materials and are manufactured under the strictest quality controls. We guarantee all our products or parts thereof against faulty manufacture for a period of one year from date of purchase. This guarantee is not effective against accidental damage or damage caused by incorrect use or neglect. This does not affect your statutory rights.

This product has been designed and manufactured to BSEN 716-1&2:2008 and also BS8509 + A1 2011
